

Additional Related Question:

Q. How can a State request exclusion of data (EE) from an EPA/NPS CASNET monitor that meets all requirements of 40 CFR Part 58?

A. The State will to have request event flags to data from monitors operated by the NPS or other federal agencies. The State should first contact the agency operating the monitor to request adding qualifier codes to CASTNET ozone data housed within AQS. State agencies have the responsibility, according to the Exceptional Events Rule, to demonstrate to their EPA region that an exceptional event occurred and should be flagged. CASTNET may work with the states to provide supporting information.

Action items:

- 1) Schedule a follow up call with OAQPS, CAMD, EPA R7, and KDHE
- 2) Discuss options for KDHE to submit a supplement request, since technical work has already been done, for ozone exceedances at Konza Prairie CASNET site KNZ184:

April 12, 2011 0.078 ppm

April 13, 2011 0.079 ppm

Konza Prairie Biological Station Research Program:

The Konza Prairie is divided into 50 watershed units, each subjected to a specific combination of prescribed burning regime (burned at 1, 2, 3, 4, 10, or 20 year intervals, and burned in February, April, July, or November) and grazing treatment. The long-term prescribed burning treatments were initiated in 1972 and the bison grazing treatments were initiated in 1987. The various combinations of bison, cattle, and ungrazed units allow large-scale replicated studies of the role of native grazers, comparison of effects of native and domestic ungulates, and effects of varying fire and grazing management regimes on tallgrass prairie ecosystems.

KS

- did not go out and look at site before
 - ① reg monitor
 - ② strictly only
 - ③ not there
- monitoring 3 stuff
 - not reg'd to put a monitor in Manhattan ^{\$30-40k/monitor} at 60k
 - live w/ the consequences of siting the monitor
- KS Nature Conservancy
 - John Briggs K-State
 - benefit of dup data
 - KSU - not a compliance monitor site
- N.H. looking to place a burden on KS
 - if we make 23 monitors, asked to meet
 - put 58 rights
- Regionally representative of regional transport
rural transport area
- KS - we do not believe it meets siting criteria
